# CAT6 UTP CABLE

(1000FT / 305M)

**High Performance.  
Reliable Connectivity.**

GNET CAT6 UTP Cable is engineered for high-speed data transmission and superior network performance. Ideal for Gigabit Ethernet, CCTV, IP surveillance, and structured cabling installations.

-  **PURE COPPER CONDUCTORS**  
Ensures stable performance and long-lasting durability
-  **HIGH PERFORMANCE**  
Supports up to 1Gbps data transmission
-  **GIGABIT ETHERNET SUPPORT**  
Perfect for high-speed network applications
-  **RELIABLE & DURABLE**  
Consistent signal quality with minimal interference
-  **IDEAL FOR CCTV & NETWORKING**  
Optimized for IP cameras, NVRs, switches and more

**1Gbps**

Up to 1 Gigabit per second

**100% COPPER**

Pure copper conductor

**LOW INTERFERENCE**

Stable & reliable connections

**INDOOR INSTALLATION**

Suitable for home, office & commercial use

**305M (1000FT)**

Standard length for professionals

**CERTIFIED QUALITY**

# SMART COMMUNICATION. BETTER CONNECTIVITY.

## DS-KP8000-HE1 SIP PHONE

Professional SIP phone designed for high-quality audio communication and reliable performance.

**HD VOICE QUALITY**  
Crystal clear audio for better communication.

**DUAL GIGABIT PORTS**  
10/100/1000 Mbps for faster and reliable network.

**MULTI-ACCOUNT SUPPORT**  
Supports multiple SIP accounts for flexible use.

**RELIABLE & SECURE**  
Enterprise-grade security and stable performance.

### IDEAL FOR VARIOUS ENVIRONMENTS

OFFICES

HOTELS

COMMERCIAL BUILDINGS

**HD Audio**  
High definition voice quality

**Contact Directory**  
Easy access to contacts

**Easy Management**  
User-friendly configuration

**Noise Reduction**  
Built-in noise suppression

**CONNECT CLEARLY. COMMUNICATE EFFICIENTLY.**

# HIKVISION SIP PHONE

Smart Business Communication

The Hikvision SIP Phone delivers crystal-clear HD voice, advanced features and intuitive operation for efficient business communication. Perfect for modern offices and enterprises.

**HD VOICE QUALITY**  
Crystal-clear audio for better conversations

**SIP COMMUNICATION**  
Supports SIP protocols for seamless connectivity

**NOISE REDUCTION**  
Advanced noise cancellation for clear voice

**IDEAL FOR OFFICES**  
Designed for reception, managers and staff

**POE SUPPORT**  
Power over Ethernet for easy installation

**EASY DEPLOYMENT**  
User-friendly interface and quick configuration

**RECEPTION DESK**  
Perfect for front desk communication and call management

**MEETING ROOMS**  
Clear communication for productive meetings

**DAILY BUSINESS**  
Reliable performance for everyday business calls

**2.4" COLOR DISPLAY**  
Intuitive UI

**HD AUDIO**  
Wideband Codec G.722 / Opus

**MULTI-LINE KEYS**  
Up to 10 SIP accounts with multi-line support

**SECURE & RELIABLE**  
High security and stable performance

**FLEXIBLE NETWORKING**  
IPv4/IPv6, DHCP, VPN and more

**POE ENABLED**  
Easy installation with PoE

# SMART GATE MOTOR

SMOOTH. SECURE. SMART.

Reliable automation for  
sliding gates.

**POWERFUL**

Strong performance for  
heavy sliding gates.

**SECURE**

Advanced safety with  
auto stop & reverse.

**QUIET OPERATION**

Smooth and silent  
movement.

**SMART CONTROL**

Remote access and  
easy operation.

**REMOTE ACCESS**

Open your gate with a  
remote control.

**SMOOTH OPERATION**

Powerful motor ensures  
smooth and quiet sliding.

**SECURE ENTRY**

Safe and reliable access  
for your home or business.

**SMART CONTROL**

Control and monitor  
your gate from anywhere.

# SMART GATE MOTOR

SMOOTH. SECURE. SMART.

Reliable automation for sliding gates.

 **POWERFUL**  
Strong performance for heavy sliding gates.

 **SECURE**  
Advanced safety with auto stop & reverse.

 **QUIET OPERATION**  
Smooth and silent movement.

 **SMART CONTROL**  
Remote access and easy operation.

 **REMOTE ACCESS**  
Open your gate with a remote control.

 **SMOOTH OPERATION**  
Powerful motor ensures smooth and quiet sliding.

 **SECURE ENTRY**  
Safe and reliable access for your home or business.

 **BUILT TO LAST**  
Durable design for long life and dependable use.

 **SAFE & RELIABLE**  
Designed for safety and everyday peace of mind.

 **EASY INSTALLATION**  
Simple setup with user-friendly design.

 **BATTERY BACKUP**  
Continues to operate even during power outages.

 **LONG LASTING**  
High quality materials built to withstand all conditions.

# PERIMETER PROTECTION

STOP INTRUDERS  
BEFORE THEY ENTER.

## SMART ELECTRIC FENCE SECURITY SYSTEM

A powerful first line of defense that deters, detects and delays intruders before they reach your property.

### HIGH VOLTAGE DETERRENCE

Powerful electric pulse deters intruders effectively.

### 24/7 PERIMETER PROTECTION

Continuous protection around your property day and night.

### INSTANT INTRUSION ALERT

Real-time alarm notification for quick response.

### WEATHER RESISTANT DESIGN

Built to withstand harsh weather conditions and corrosion.

### EASY INTEGRATION WITH CCTV

Seamless integration with CCTV and alarm systems.

# INSTANT FIRE ALERT

## HF-CH1 FIRE ALARM SOUNDER

The HF-CH1 is a high-performance fire alarm sounder designed to deliver loud and clear audible alerts in emergency situations. With its modern design, low power consumption and reliable operation, it is ideal for a wide range of commercial and industrial applications.

### HIGH AUDIBLE ALARM

Powerful sound output ensures effective warning in emergencies.

### FAST EMERGENCY NOTIFICATION

Provides immediate audible alert to protect lives and property.

### IDEAL FOR COMMERCIAL BUILDINGS

Perfect for offices, hotels, malls, schools and public facilities.

### RELIABLE FIRE SAFETY SYSTEM

Stable performance, low power consumption and long service life.

## IDEAL FOR VARIOUS APPLICATIONS

HOTELS

OFFICES

SHOPPING MALLS

HEAR THE WARNING. RESPOND IMMEDIATELY.

# HIKVISION NETWORK SWITCHES

## RELIABLE NETWORK PERFORMANCE

Designed to deliver high-speed, stable and reliable connections for your security and business network.

### GIGABIT SPEED

High speed data transmission for smooth performance.

### STABLE CONNECTION

Ensures uninterrupted and reliable network.

### PLUG & PLAY

Easy to install with no configuration needed.

### SAFE & RELIABLE

Built with superior quality for long-lasting performance.

**FAST. STABLE. SMART NETWORKING FOR EVERY NEED.**

### OFFICES

Reliable network for daily operations.

### SCHOOLS

Stable connectivity for learning environments.

### HOTELS

Seamless network for guests and staff.

### INDUSTRIES

Robust performance for critical applications.

**HIGH RELIABILITY**  
Built for 24/7 operation

**ENERGY EFFICIENT**  
Lower power consumption

**WIDE COMPATIBILITY**  
Works with IP cameras, NVRs, PCs & more

**DURABLE DESIGN**  
Quality you can trust

# DATA CABINETS & ACCESSORIES

**STRONG. SECURE. SMART.  
BUILT FOR PERFORMANCE.**

Hikvision Data Cabinets are designed to organize, protect and optimize your network infrastructure. Built with high-quality materials for enhanced durability, security and efficient cable management.

#### ROBUST & DURABLE

High-quality SPCC cold-rolled steel construction for maximum strength and long-lasting performance.

#### EFFICIENT VENTILATION

Perforated front door and ventilation design ensure optimal airflow and equipment cooling.

#### SECURE DESIGN

Lockable doors and side panels keep your equipment safe and protected.

#### SUPERIOR CABLE MANAGEMENT

Well-structured mounting rails and cable entry points for neat and efficient cable routing.

#### HIGH LOAD CAPACITY

Strong frame design with high static load capacity for heavy network equipment.

#### EASY INSTALLATION

Adjustable mounting rails and accessories for quick and convenient installation.
